Kikinis also fails to disclose or suggest the particular combinations of features recited by claims 2-16 and 18-30 at least by virtue of their dependency from one of claims 1 or 17. Moreover, these dependent claims recite additional novel features. For example, claim 16 recites the additional features of "providing the portion of the video image for display in the first window [of the first monitor]" and "providing the video image for display in the first display location [of the second monitor]." Kikinis fails to disclose or suggest providing a video image for display at two monitors and therefore fails to disclose or suggest the features of claim 16.

In view of the foregoing, it is respectfully submitted that the anticipation rejection of claims 1-33 is improper at this time. Reconsideration and withdrawal of this anticipation rejection therefore is respectfully requested.
